

The Specialist in  
Drain Cleaning Equipment  
for over 75 Years

Double-wound, flexible

# Drain Cleaning Cables

Coiled from patented, hot galvanized spring wire - with adjustable handle

For decades successfully  
used from professionals.

Coiled from top quality, patented,  
hot galvanized spring steel wire.  
Double-wound outer wire with  
opposite-wound inner-core  
for maximum strength and right  
amount of flexibility. This cable  
lasts longer because it resists  
kinking and breaking.

**Special model for professional use,**  
extremely flexible and strong, for cleaning of  
small lines with sharp bends. The cables  
come complete and ready for use with  
fixed, small 2-pronged claw, piercing-ball  
and adjustable handle with thumbscrew to  
lock cable.

## No. 933 Cable 3 mm Dia.
