

The Specialist in  
Drain Cleaning Equipment  
for over 75 Years

Double-wound, flexible

# Drain Cleaning Cables No. 920

Coiled from patented, hot galvanized spring wire - with special safety couplings

CABERE double-wound Drain Cleaning  
Cables for Professional Use

For Pipes  
50 - 500 mm Dia.

## Successfully used for decades.

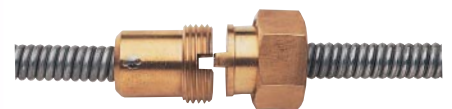

CABERE double-wound, flexible Drain Cleaning Cables are coiled from top quality, patented, hot galvanized spring steel wire. Double-wound outer wire with opposite-wound inner-core for maximum strength and right amount of flexibility. This cable lasts longer because it resists kinking and breaking. Our special construction makes the CABERE cable so extraordinary flexible, tough and rust resistant.

CABERE Drain Cleaning Cables No. 920 come complete and ready for use with crank handle, hand protector and 3-pronged claw.

The cables are equipped with our No. 920 Safety Couplings made of high quality brass for resistance to corrosion and acid. The special "insert&bolt" construction of the couplings lets you connect cleaning heads or extension cables as well very quick and absolutely safe. You can turn the crank handle clockwise or anticlockwise without running the risk of losing a coupling. Neither a cleaning head nor an extension cable can get lost in the drainpipe.

CABERE Drain Cleaning Cables No. 920 are for pipes of 50 - 500 mm. Our cables are ideal for cleaning stoppages from drain pipes in buildings, hotels, restaurants, swimming baths, fun parks, old people's homes, hospitals, schools, barracks, plants, refineries, power stations, camps, ships etc.

Only the original CABERE Drain Cleaning Cables are authorized to bear the quality label "Deutsches Werkzeug - made in Germany" of the Association of German Tool Manufacturers FWI, as well as the GS label "Tested Safety" and the Environmental Label "Blue Angel".

**Special No. 920 Safety Couplings:**  
The couplings guarantee a very quick and absolute safe connection of cleaning heads and extension cables.

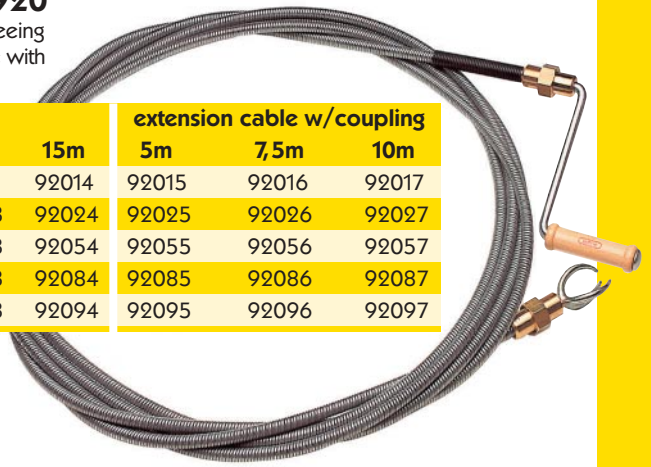

## CABERE double-wound Drain Cleaning Cables No. 920

The cables are equipped with our special safety couplings (insert&bolt) guaranteeing a very quick and safe connection. The cables come complete and ready for use with exchangeable crank handle, hand protector and exchangeable 3-pronged claw.

18 and 20 mm Dia. cables are available on demand with thread Ww. R 1.1/8".

## Accessories

### No. 921 - 3-pronged Claw

with coupling

for cable mm Dia.	10 - 12		15 - 18 - 20	
Claw mm Dia.	30	40	60	
Thread Ww.	R 5/8"		R 1"	
Code	92101	92102	92103	

### No. 922 - Retriever

with coupling

for cable mm Dia.	10 - 12		15 - 18		18 - 20	
Retriever mm Dia.	40	50	60	70	80	100
Thread Ww.	R 5/8"		R 1"		R 1"	
Code	92201	92202	92203	92204	92205	92206

### No. 923 - Piercing-Ball

made of solid steel with coupling

for cable mm Dia.	10 - 12		15 - 18 - 20	
Ball mm Dia.	25		30	
Thread Ww.	R 5/8"		R 1"	
Code	92301		92302	

### No. 924 - Steel Wire Brush

with coupling, from 100mm Dia. with eyelet

for cable mm Dia.	10 - 12						15 - 18 - 20						
Brush mm Dia.	40	50	60	70	80	100	125	150	175	200	250	300	
Thread Ww.	R 5/8"						R 1"						
Code	924..	01	02	03	04	05	06	07	08	09	10	11	12

### No. 925 - Crank Handle

with coupling

for cable mm Dia.	10	12	15 - 18 - 20	
Crank length mm	115	140	190	
Thread Ww.	R 5/8"	R 5/8"	R 1"	
Code	92501	92502	92503	

### No. 927 - 3-pronged Boring Head

with coupling

for cable mm Dia.	10 - 12		15 - 18 - 20	
Boring Head mm Dia.	40		60	
Thread Ww.	R 5/8"		R 1"	
Code	92701		92702	

Other cleaning heads are available on demand.
